UPCOMING CONVENTION ATTENDANCE PROFILE

WEST 2023 CONFERENCE hosted by AFCEA and USNI will take place

Tuesday, February 14 – Thursday, February 16, 2023

Anticipated Attendance: 10,000

Group Description

The premier naval conference and exposition on the West Coast, WEST is now in its 33rd year of bringing military and industry leaders together. Co-sponsored by AFCEA International and the U.S. Naval Institute, WEST is the only event in which the makers of platforms and the designers of technologies can network, discuss, and demonstrate their solutions in a single locale.

Attendee Profile

WEST connects the industry professionals who design and build the platforms, equipment, and weapons with the designers of communications and technical systems. To complete their missions successfully, more than 150,000 professionals in the U.S. Navy, Marine Corps and Coast Guard who live in the San Diego area depend on the open discussions and valuable networking WEST provides. Senior military and government officials talk directly to the operators to gain valuable feedback directly from them. Industry leaders attend because they can connect with decision makers and operators over the three-day event.

Room Block
