## Group Description

The American Association of Nurse Anesthetists (AANA) is a professional organization that represents more than 54,000 nurse anesthetists across the United States. Nurse anesthetists are advanced practice registered nurses (APRNs) who specialize in the administration of anesthesia and related care before, during, and after medical procedures. The AANA works to advance the profession through advocacy, education, research, and professional development for its members.

## Attendee Profile

Attendees include CRNAs, other anesthesia providers, educators, students, industry representatives, healthcare administrators, and researchers to network, learn about advancements in anesthesia, and engage in professional development opportunities.
