SPIE.
**OPTICS +
 PHOTONICS**

Sunday, August 18 – Thursday, August 22, 2024
Anticipated Attendance 3,500

Group Description

SPIE Optics + Photonics is an annual international conference and exhibition organized by SPIE, focusing on optics, photonics, and related technologies. It features technical conferences, educational courses, workshops, and an exhibition showcasing the latest products and innovations. The event provides numerous networking opportunities, fostering collaboration among researchers, engineers, and industry professionals.

Attendee Profile

Attendees include researchers, scientists, engineers, educators, students, and industry leaders involved in optics, photonics, and related fields. Attendees typically come from academia, government research labs, industry sectors such as aerospace, telecommunications, biotechnology, and healthcare, as well as from technology development and manufacturing sectors. The conference attracts a global audience interested in the latest advancements, research findings, and technological innovations in optics and photonics.
