American Society for Healthcare Risk Management
Sunday, October 6, 2024 – Wednesday, October 9, 2024
Anticipated Attendance: 2,000

Group Description

The American Society for Healthcare Risk Management (ASHRM) is a professional organization that promotes patient safety, reduces risks, and supports high-quality care in healthcare settings. Founded in 1980, ASHRM provides education, resources, and certifications for healthcare risk managers. It focuses on risk management, patient safety, and Enterprise Risk Management (ERM), helping professionals identify and mitigate risks while fostering collaboration in the field.

Attendee Profile

Attendees include healthcare risk managers, patient safety officers, and compliance officers responsible for overseeing and mitigating risks in healthcare organizations.
