Environmental Systems Research Institute
Esri 2025 International User Conference
Monday, July 14th – Friday, July 18th, 2025
Anticipated Attendance: 21,000

Group Description

Esri is the global market leader in geographic information system (GIS) software, location intelligence, and mapping. Since 1969, they have supported customers with geographic science and geospatial analytics, what they call The Science of Where. Esri takes a geographic approach to problem-solving, brought to life by modern, enterprise-grade GIS technology. Esri is committed to using science and technology to build a sustainable world.

Attendee Profile

Attendees include GIS professionals, government officials, business leaders, educators, researchers, environmental scientists, nonprofit representatives, technology partners, developers, and Esri staff.

Guest Room Block

Total Peak Nights Contracted = 6,872
